

Merry Christmas Hannah Center Friends!

From Luke 2

"So Joseph went up to Judea to register with Mary who was expecting a child. While they were there she gave birth to a son. She wrapped him in cloths and placed him in a manger because there was no room available for them."

Christmas is a time to reflect on our Savior, Jesus, born in a manger and wrapped in cloths. God came to earth in the most humble way. *The women who call on the Hannah Center find themselves in the most humbling of circumstances.* Some have searched and searched for a place to care for their children having slept in cars, shelters or on a friend's couch. Because of you, the Hannah Center can be a place to have their baby and raise their children with dignity. Because of you, we can clothe children in the community and provide the most basic items to survive. We have room available because of YOU! You generously support us with your finances and we can provide for women in need. You give us baby clothing, furniture and household items, and we give it to those who do not have.

2012 has been a year to rejoice at The Hannah Center! Four beautiful babies were born, and we have had the privilege of watching women find employment, further their education and strive to provide the best care for their children.

As you prepare your home and heart for Christmas, please remember The Hannah Center. We have two ways you can help us this season:

Make your donation in honor or memory of someone.

Provide us with a name and address of the person and we will send a Christmas card to them on your behalf, mentioning your gesture.

Give a gift that lasts throughout the year with a monthly sponsorship.

Monthly sponsorships can be gifted in the amount of 30 dollars to sponsor a resident, 50 dollars to sponsor the home, or 100 dollars to sponsor the ministry of The Hannah Center. Please designate the monthly amount on the enclosed envelope.

Your year end gift enables us to continue our mission; to assist women in life crisis through compassion and guidance in a nurturing environment in 2013.
